POLAR BEAR

Mrs. Juanita L. Moore
Box 133
Sherrill, Arkansas

It is with great appreciation that we, the annual staff, present this, our 1969 Polar Bear. It is our hope that with these few pages we can capture and cling to some of the sweet memories of things we have done here. We hope that in our few short years here, we may have done some small thing that will influence and help those we are leaving behind.

THE ANNUAL STAFF

PLUM BAYOU HIGH SCHOOL

WRIGHT, ARKANSAS

DEDICATION

As a token of appreciation we the Senior class dedicate this, our 1969 Polar Bear, to Mr. Klutts and Coach McConnell for their endless year oı friendship and support. Their unique blend of courage, character, discipline, humor, strength, and thoughtfulness has given them the personality that has helped to guide us through this past year.

Their main interest has been the support and morale of the students. They are a great inspiration in our hearts now and forever. We sincerely thank them.

SUPERINTENDENT'S MESSAGE

We need not be concerned about the future of those who are able to make personal adjustments in order that they might continue to function as individuals in a rapidly changing society.

You are living in a time when political, social, economic, and educational changes are more rapid than ever before in the history of our country.

To you, the students of the Plum Bayou-Tucker schools, we are proud that you as students were able to adjust to the sudden changes which have been thrust upon you. By doing so, you are able to continue your education, which will permit you to become self-sustaining individuals and an asset to your community.

Best wishes for a successful future.

James K. Bradshaw

PRINCIPAL'S MESSAGE

Life is now a challenge more supreme than ever before. We are on the threshold of an era which will give us insight into many of nature's secrets. To use these secrets in the correct way depends largely upon the moral and spiritual values that you as individuals place upon life.

The need is increasing for a more advanced and higher education for those that compete successfully and those who want to be of service to their fellowman in this vital age of man.

May you realize the importance of learning and strive to reach the highest peak of your given ability as you march on toward new horizons.
